

I'LL LOVE YOU FOREVER- WAIT AND SEE

I'll love you forever
wait and see
We belong together
you and me

I love you, I mean it
Wait and see
Haven't you seen it
We're the best he and she

Everyday I'll make you coffe
serve it with a kiss and smile
If you get tired of me
I will love you all the while

I'll love you forever
wait and see
How wonderful it can be!

Cause
I will love you forever
Wait and see
And if you just let me love you
I'll move all the clouds above you
Cause I love you forever
Wait and see
